- We need to tread the pathways that will be opened during the sessions often to make them our own
- Practicing to train the senses is key

- 2015 signals the end of the Moses generation with the call for Joshua generation to cross over and possess their inheritance as a Royal Priesthood
- Manifested Sons of God bringing the freedom of the glory of the Sons of God to free, align and restore creation.

Strategy

- The material is designed to be used for the explicit purpose of equipping the Joshua generation to become a habitation of God and a gateway of heaven by living in the dual realms of heaven and earth.
- The context of using this manual is designed to be that of being disciplined, mentored or prepared to mentor others thus raising up a Joshua Generation.

Strategy

- The key is being ready and prepared to live in your own supernatural inheritance and then equip the next generation to be a harvest of harvesters.
- There are those who engaged in the pathway of intimacy but have failed to mature to responsible sons
- There are those who have to tried to take responsibility for justice without the foundation of relationship

Strategy

- During the development stage there will be those who are looking to develop their own personal pathways
- There are those who already have groups, churches ministries etc.
- After approximately 6 months those who are still committed will be encouraged to begin mentoring others

Strategy

- Financial openness
- There is no charge for the first 6 months
- There will be an opportunity to sow financially as well as with your time. A suggested donation of £5 per month would be appreciated
- There will need to be a heavy investment of time and resources in development.
- There will be many resources that will be made available to group members that is usually only accessed through purchasing various teaching series

Strategy

- After 6 months there will be a £5 per month contribution for those who just want to complete the program for personal growth. Once complete there will no further access to the materials but hopefully a lifestyle to be lived
- For those wanting to mentor others there will also be a monthly contribution of £5 per month but:

Strategy

- 1 Tim 5:18 For the Scripture says, “You shall not muzzle the ox while he is threshing,” and “The labourer is worthy of his wages.”
- Don't muzzle Ox
- Worker is worthy of his wage
- Any mentors can also charge up to £5/month to each person they are mentoring
- Sowing into the Joshua generation

Strategy

- Each person being mentored using the materials would also be expected to contribute £5 per month
- Each mentor can also receive a maximum of £5 per month from each person they mentor if they so choose.
- Maximum cost of £10 per person per month
- You would be encouraged to recruit others to mentor 1 to 1 or in groups of up to 12.

Strategy

- For those wishing to use the materials to mentor larger groups e.g. churches, ministry schools there would be a monthly or annual contribution of £5 per person participating. Again you can charge up to a further £5 per person if you choose.
- The materials can continue to be used whilst you remain in the programme

Strategy

- If £5 per month is not feasible please contacts us
- There could be a scaled costing for those in poorer countries
- It is important to value something and to sow into the future.
- The materials will be continually updated and developed

Strategy

- This is exciting opportunity to be involved in developing this manual
- Sowing into it will enable us to get it translated into other languages and develop it into a written manual with resources for those without computers

Strategy

- The purpose of the manual
- It is to be used for the explicit purpose of equipping the Joshua generation to become a habitation of God and a gateway of heaven by living in the dual realms of heaven and earth.
- This material is not to be adapted or used outside of that context
- The remains the intellectual property of Freedom AR who all hold all rights.

Strategy

- There may be as many as 20 groups at this stage
- This is a huge investment of my time so the mentoring feedback sessions with me would be every 2 or 3 weeks but groups meeting more often to support and encourage would be welcomed
- There would be a need for flexibility to be able to accommodate all the time time-zones

Strategy

- I am based in the UK which is 5 to 8 hours ahead of US time so the likelihood is that the sessions would need to be in the mornings for those based in USA and Canada
- UK & European groups could be in the mornings or evenings depending on availability
- Rest of the world will be scheduled once I work it all out
- Everyone will need to have a google plus account and be able to access the internet to use the interactive features

Strategy

- I will probably do monthly webinars with an invited guest panel to introduce various subjects these can be watched live or later.
- The group sessions will be recorded but will only be available to each group. They will not be published publically on YouTube
- I will be setting up a closed Facebook group where everyone can post for mutual support, testimony and encouragement
- Facebook subgroups for countries, languages may develop

Strategy

- Having heard the vision more clearly.
Who is still prepared to run with it?
- I am not going to make any assumptions
- Please feel free to withdraw at this time if you do not have peace about participating in your hearts
- Please email me if the answer is still yes
